

AMT 193V: Cooperative Education

This cooperative training experience will provide students an opportunity to apply their professional and technical skills in dealership service centers. Students will be supervised on the job by a professional Journeyman Technician. This course is for the Ford ASSET students and optional for the AMT AAS Program. This course may be repeated up to a maximum of 15 credits, 96 work hours per credit. (Formerly AMT 93D)

Credits: 1 - 4

Prerequisites: AMT 100 and AMT 141 with a grade of C or better

Program: [Automotive Technology](#)
