

ED 335: Educational Technology for the Inclusive Classroom

This course presents an overview of the variety of instructional technology options and considers how these are effective across the curriculum. Educational technology includes the many tools and methods in which technology is used within an educational setting. Students will learn about current trends in education that are directly related to technology. Emphasis is placed on reaching different types of learners, considerations of integration, and assessing effectiveness of technology use for students with special needs in the inclusive classroom.

Credits: 3

Prerequisites: Associates Degree in any discipline and Academic Advisor approval
